ZONAR SYSTEMS TO ENDOW 10 SCHOLARSHIPS FOR 2011 NAPT ANNUAL CONFERENCE

Albany, NY— The National Association for Pupil Transportation is pleased to announce that Zonar Systems has graciously donated ten (10) scholarships for attendance to the 2011 NAPT Annual Summit to be held in Cincinnati, OH, on October 22–October 27, 2011.

Each scholarship will cover the cost of one (1) conference registration. Attendees will be responsible for all other expenses. Any NAPT member in good standing is encouraged to apply. If applicants are not current members, Zonar will also cover the cost of NAPT membership. Any person currently employed by an organization providing pupil transportation services is eligible to apply. Priority will be given to applicants that justify this scholarship as a determining factor for their ability to attend this 2011 Summit in Cincinnati, Ohio.

“I am pleased to be working for a company that understands the importance of professional organizations and the work they do,” said Don Carnahan, Zonar’s Vice President of Business Development for Pupil Transportation. “Zonar is committed to helping NAPT expand the range of opportunities and benefits it offers its members.”

A downloadable application for the Conference Scholarship will be on the NAPT website (www.napt.org) on or before June 15, 2011. NAPT members can apply for the 2011 Conference Scholarship online from June 15, 2011 through September 15, 2011. A formal announcement will be made September 30, 2011.

Zonar Systems is North America’s leading Pupil Transportation Telematics Service Provider. Zonar’s suite of innovative electronic vehicle inspection, tracking and management solutions are utilized by the industry’s largest and most progressive public and private fleets to improve safety, increase efficiency and minimize environmental impact. The National Association for Pupil Transportation (NAPT) is the school transportation industry’s largest and most diverse membership organization, providing cutting-edge education and timely information services for its members throughout the world. NAPT’s vision is to be first and foremost in leading, supporting and developing world-class professionals who provide safe and efficient pupil transportation for our children.

The NAPT MISSION is CLEAR: Communication; Leadership; Education; Advocacy; Resources.

The NAPT Foundation Inc., is a nonprofit charitable organization committed to enhancing the safety of our nation's children by providing resources to help inform local communities about the benefits of school bus transportation; conducting research regarding the use of environmentally friendly and safer school buses; and providing training and educational opportunities for pupil transportation professionals.
